

Marie Tuft

Marie Tuft graduated magna cum laude from the University of Utah with a Bachelors degree in Mathematics and is currently pursuing a Doctorate in Biostatistics at the University of Pittsburgh Graduate School of Public Health. Her dissertation deals with the spectral analysis of nonstationary time series data which merited an award for Best Presentation at Biostatistics Research Day. Areas of current and past collaborative statistical work includes cardiovascular outcomes in pregnancy, lung transplantation, acute pancreatitis, and ophthalmology. She is currently serving as the president of the University of Pittsburgh ASA Student Chapter. In her spare time, Marie enjoys hiking, climbing, reading, and playing with her corgi. After graduation, she hopes to pursue her research and teaching interests further as a tenure-track professor.
